

ONE SOCKET. FOR EVERYTHING. SMART!

OCHNO POWER CONFERENCE

OCHNO

OCHNO POWER CONFERENCE

Ochno Power Conference is the platform for a user friendly and smart meeting room. 4 USB-C outlets provides everyone in the room quick access to charging, a simple push of a button, attach the laptop or mobile to the TV and all video conferencing equipment in the room. The solution minimizes the hassle of getting the video meeting started and making it easy to change who runs the meeting. Everything nicely built into a conference table with a minimum of cables. Ochno

Power Conference can also be connected to the Ochno Operated service. A range of functions that optimize and simplify the office workplace in various ways. Monitoring and control of all connected devices ensures that errors are quickly detected and can be solved. Advanced energy analysis and control enables lower power consumption in the office. Automatically update firmware of Ochno Power Conference and connected devices.

CLEAN DESK

Ochno has the solution to minimize the number of cables and hide away all other technology.

SMART OFFICE

Ochno Operated ensures the optimal user experience, energy use and work environment in the office.
