

## Product Information

This USB-C cable is used as a pull-out cable in a conference table, connecting a laptop with Ochno Power Conference 3 to provide charging, video transmission and USB communication.

The cable is 2m long and supports up to 100W charging.

It has a special locking screw in one end that ensure that it tightly connected to the Power Conference unit and will not fall out or break when users are pulling on the cable.

## Datasheet

### General

Warrenty	1 year
Net weight	75g
Shipping weight	98g
Length	200 cm
In the box	USB-C cable Instruction manual

### Technical Data

Voltage rating	5V DC to 20V DC
Current rating	Up to 5A
Power rating	Up to 100W
E-Marker	Yes, integrated chip

### Supported protocols

Control	Power Delivery 3.0
USB	USB 2.0, up to 480 Mbps USB 3.1, up to 10 Gbps
Video	Alt-mode DisplayPort 1.4 2 or 4 lanes, 8.1 Gpbs/lane, total up to 32.4 Gpbs
Thunderbolt	Not certified for TBT3/TBT4/USB4

### Connectors

Plug A	USB Type-C 24 Pin Male. Locking screw, M2
Plug B	USB Type-C 24 Pin Male

**Safety Notice:** A separate safety instruction is included with this product and should be read before installation and operation. Visit <https://www.ochno.com/safety> for a digital version. This product is for in-door use only.

**Declaration of Conformity:** This products meet the essential health and safety requirements, is in conformity with the CE marking and the UKCA marking has been applied according to the relevant EU Directives and applicable UK Statutory Instruments using the relevant section of the corresponding standards and normative documents.
